The NTA as at 30 June 2011 is 91.6 cents per share after tax. The NTA ratio below includes adjustments to tax assets held at constant levels to those included in the 31 December 2010 NTA and audited financial report. This has been conducted in consultation with the company's auditors on the application of the accounting standard AASB 112 "Income Taxes" and after analysis of the ability of the company to be able to utilise these losses in a reasonable period. This is pending the completion of the 30 June 2011 year end audit.

The unaudited Net Tangible Assets per share are as follows:

	30-Jun-11	31-May-11	30-Apr-11

(1) Before provision for tax on unrealised gains/losses and after tax on realised profits and/or losses.

Should no tax assets be recognised the NTA is 85.8 cents per share.
